# Lorne Street Primary

Digital Learning and Teaching Strategy

Our Vision : to provide quality learning experiences and opportunities which prepare our pupils to meet the demands of the digital world.

August 2022

Here at Lorne Street Primary our Digital Learning Strategy is aligned to Glasgow City Council's Mission Statement. Our priorities are :

– Raising attainment and achievement
– Enhancing the leadership of staff
– Supporting families to be better able to support their children's learning and development
– Making best use of resources

Our Learners

– Will have regular access to quality learning experiences where digital technologies support and enhance their learning.
– Will have access to online learning tools, which will be an integral part of their learning, both at school and at home.
– Will have the opportunity to work with a range of devices and software.
– Will use digital tools to collaborate and create.
– Will know the risks associated with working and interacting online, and will be supported to identify and manage these.
– Will be supported in critically evaluating information found online, and understand how to safely and legally use online content.

Our Staff

- Will be kept up to date with Glasgow's changing digital landscape.
- Will be supported in developing and enhancing knowledge and skills through training and sharing good practice.
- Will be encouraged to include a focus on digital learning and teaching, to ensure technology is embedded in an effective and impactful way.
- Will help create an ethos of collaboration, creation and innovation using digital technologies, ensuring opportunities for personalisation and choice.

Parents, Carers and Families

- Will have access to our Digital Learning Strategy as it develops and changes.
- Will be provided with updates on how we are using digital learning pedagogy to raise attainment and enhance learning across the curriculum.
- Will be encouraged to use digital platforms to maintain home/school links and become involved in the life of the school.
- Will be involved in maintaining online safety of learners.
- Will be given the opportunity to provide feedback through digital questionnaires.

Measuring Impact

We will measure the impact of our digital strategy via :
- Pupil voice
- Parental consultation
- Staff consultation
- Attainment and achievement figures

Management of Technology

We will :
- Work closely with GCC to plan our roll out in line with local authority requirements
- Train staff and pupils annually on data security processes
- Provide parents with an annual reminder of GCC policy on data security

Financial Sustainability

Savings can be made through reduced reliance on textbooks, paper, stationery and other consumables. Ongoing costs will be monitored throughout the year.
